Show Pricing Policy

Show prices are determined by annual attendance: the total number of paying and non-paying individuals that attended any presentation in the licensee's theater during the most recent calendar year. For theaters that have been open less than one year, pricing will be determined by seating capacity: the total number of seats in the dome theater or the theaters legally determined maximum capacity.

Music Licenses

Our music shows, denoted in the price list above with a note (♪), are unsynchronized visual libraries comprised of animation, video, images, and/or live effects.

It is the licensee's responsibility to secure the appropriate music licenses for its facility (i.e. ASCAP, BMI, SESAC, etc.).

Domemaster Frames

Theaters requiring domemaster frames must purchase a 50-year license and pay the invoice in full in advance of shipment.

License Term Upgrades for Shows

An unexpired one-year license can be upgraded to a 50-year license by paying the difference between the price paid for the one-year license and the current 50-year license price. Expired one-year licenses can be upgraded by paying the difference, plus an upgrade fee of \$300.

Show Replacement/Re-Encoding Service Fee

A show under an unexpired license can be re-encoded. Clark Planetarium's licensed distributors will verify a current license and are free to define their own re-encode fees not to exceed \$500 per show.
